Adhesive Pipe Markers

Identification Depot adhesive markers are constructed of durable premium grade, outdoor vinyl to withstand exposure to harsh elements. The permanent, pressure sensitive adhesive will adhere to most clean/dry surfaces and stay there for many years. All markers are constructed for easy removal from the liner to speed up installation. Markers comply with ASME A13.1-2020 "Scheme for the Identification of Piping Systems" (see reverse side) when used with Arrow Banding Tape or Individual Arrow Markers.
